MEDIA RELEASE

Two Firearms, Narcotics Seized

Two firearms, ammunition, and a quantity of narcotics were seized during operations conducted in the Port of Spain and Central Divisions on April 8th, 2025.

Between 5:00 pm and 8:00 pm, officers from the Central Division Task Force, Area North, and members of the Trinidad and Tobago Regiment conducted an intelligence-led anti-crime exercise. During this operation, several homes of priority offenders were searched.

At approximately 6:45 pm, the team proceeded to a bushy area off Greig Street, Couva, where they conducted an extensive search. There, they discovered a black pouch containing a .38 revolver, loaded with two rounds of .38 ammunition, two additional rounds of .40 caliber ammunition, five rounds of 9mm ammunition, and a quantity of cannabis. The items were seized for further processing.

In the Port of Spain Division, a team of officers from the Inter-Agency Task Force conducted a search at a location on the southern side of Boot Hill, Trou Macaque, Laventille. During the search, the team found a red and black pistol, which was made safe and seized. Investigations into the find are ongoing.
